

CONSERVATION POLICIES

Pachatusantrek is committed to following ecotourism guidelines when carrying out our trips, with special care to not contaminate water and in the adequate disposal of non-biodegradable waste.

Pachatusantrek respects the local customs and traditions in the communities found on our trekking routes.

Pachatusantrek creates job opportunities for some of the people living in the communities where we operate our trips.

Pachatusantrek develops activities while trying to minimize negative impact which could be created by our operations.

Pachatusantrek follows the manual of good practice designed by Promperu in the development of our activities, and tries to ensure superior standards.
